Position Requirements:

A Technical Advisor II is full-time position with state benefits with an annual starting salary of \$63,912 to \$95,568. This position requires graduation from a recognized law school and possession of a valid license to practice law in Illinois.

How to Apply: Applicants must apply during an active posting by sending a completed and signed CMS-100 employment application, along with their college transcripts, to the Illinois Department of Revenue (IDOR) contact person or email address listed on the job posting. Once the posting closes, IDOR's Human Resource staff will send all applications to CMS for grading. Selected candidates must pass a tax compliance check and fingerprint background clearance.

If you know anyone who is interested in this position or other employment opportunities at IDOR, please encourage them to visit [State of Illinois Employment Opportunities - Employment Opportunities](#) webpage. This page includes a link to the CMS-100 employment application, a job alert feature, and much more.
